**STUDENT SATISFACTION
SURVEY REPORT
(2021-22)**

CHARUSAT believes that there is a substantial relationship between students' satisfaction and academic excellence. A student satisfaction survey is conducted on regular basis to measure students' satisfaction with their educational experience, establishing a measurable benchmark in areas such as curriculum, facilities, and access to academic resources, as well as the quality and availability of extracurricular activities. The survey includes the NAAC-recommended questionnaire to improve higher education quality. A student must respond to all the questions by selecting the most appropriate of the five responses given in the following format with her/his sincere effort and thought. The questionnaire is divided into two parts: 1) Teacher specific for a particular course, and 2) Institute/Institution specific. Furthermore, a qualitative question is included to provide the student an opportunity for providing suggestions or improvements and mention weaknesses of the institute concerning the teaching-learning process. The questions, as well as the responses given by the students, are as follow:

Sr. No.	The teacher:	Completely Agree	Agree upto 75%	Agree upto 50%	Agree upto 25%	Completely Disagree
